

## Our Vision

EMCETT challenges and inspires teachers to raise the achievement of learners through excellent teacher education and training

## Our Sense of Purpose

EMCETT's purpose is to:

- o equip our teachers with the skills and knowledge to provide good, imaginative, up-to-date and relevant teaching that meets the needs of the sector;
- o encourage and work with employers to develop a culture and environment of support for ITT and CPD;
- o build a sustainable infrastructure of mutual support for trainees, trainers, mentors and employers, seeking additional/alternative sources of funding for long-term viability;
- o provide high quality interventions to support quality improvement and capacity building in both ITT and CPD;
- o build towards a coherent and co-ordinated framework of provision that widens access and facilitates achievement and progression.

## The Principles to Guide our Actions

EMCETT partners value:

- o excellence in teaching and learning, and in everything we do;
- o transparency, equity and fairness – between partners and in how EMCETT is governed and managed;
- o stakeholder responsiveness through identifying and meeting needs within agreed priorities;
- o mutual support and collaboration, nurturing, sharing and exploiting best-practice and removing barriers to partnership working;
- o widening access and supporting diversity in ITT/CPD by providing appropriate and effective learner support.

**Excellence as  
Standard**
